I'm available at 2 and would be interested. Mark – where will you be meeting?

Thanks for the info!
Rob

Hi Rob,

Mark and I along with Anthony Austin have been reviewing the ARCO response and are meeting this afternoon at 2:00 to discuss our progress. The CFAC response has been scanned by our contractor and should be delivered today or tomorrow. Coincidentally, CFAC mailed us a scanned version of their initial response that arrived Monday. Copies are being made today for distribution to us all. Also, apparently another four boxes from CFAC arrived in the last day or two and are sitting in my cubicle at Region 8. I imagine we'll decide how to proceed with the new submission at our meeting today.

You're certainly welcome to join our meeting if you're available. Mark, did you reserve a room or is Anthony just joining you in your office?

Hi Scott,

Could you give me an update on the 104e response scanning and review effort?

Thanks,
Rob
